REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the claims address a method, apparatus, and computer program for augmenting partially sampled field of view data using fully sampled field of view data. This feature is neither shown nor fairly suggested in the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Lonn *et al.* US 2004/0066909 A1 appears to be related to the present application and shows using multiple modalities to augment a partially sampled field of view.
